Plan Celebration Of Pearl Harbor Day

Great plans for the fitting celebration of the opening of Pearl Harbor are outlined by Secretary Wood in his report to the Promotion Committee, which he will present at the meeting this afternoon. The report reads in part as follows:

A great many acknowledgments of the receipt of our map, "The Cross Roads of the Pacific," are to hand. All speak in warmest terms of praise of the map and state that they will give it either wall or window space.

An one prominent railway man writes, "Honolulu certainly seems to dominate the Pacific."

While the work of the Hawaii Promotion Committee in advertising the advantages and attractions of Hawaii is meeting with gratifying success, yet there remains much to be done and upon reading the letters above referred to and the statements of Rear Admiral Hillyday, as appearing in recent California papers, that Pearl Harbor Naval Station would be completed early in 1912, it occurred to me that an effort should be made to fittingly celebrate this most important event, and I would suggest, at this time, that the Hawaii Promotion Committee recommend to the

Matsu Case A Wind-Egg

Another Advertiser wind-egg in the Cathcart matter has been exposed. The solution being so simple that the whole of the anonymous and belittling attorney were it not for the importance of the matter at issue.

The charge is that Cathcart had not procured the case of one Matsu, an employee of the California restaurant on Hotel street, who was charged with selling liquor, and that Fred Makino, "one of the frequenters of the County Attorney's office," was seen to receive \$50 from the employer of Matsu, the owner of the restaurant.

No explanation of why Fred Makino was paid fifty dollars in the case

Ship Plans Completed

That the Matsun Navigation Company will build a new ship for the Honolulu-San Francisco run is an assured fact. M. J. Lindsay, confidential man of the company, is authority for the statement. He further says that the plans for the ship have been completed and that work will be begun at once.

Mr. Lindsay arrived here from San Francisco today on the Lurline to look over local conditions and see where the service of the Matsun Navigation Company can be bettered.

Before returning to San Francisco he will make it a point to become thoroughly conversant with business affairs in Honolulu, that he may better be able to improve the service of the company and adapt it to the requirements of shippers and travelers.

THE JAPANESE liner Hongkong Maru is due from the Orient this afternoon.

LOVE LEADS LAWYER INTO BAD SCRAPE

Harrison Alleged To Have
Routed Inamorata's
Family

T. Milner Harrison, the well-known attorney, is today languishing behind the bars at the police station, having been placed there at 3:30 o'clock this morning for investigation. Love for a Hawaiian damsel seems to be the reason for his getting into trouble, and the Sheriff states that serious charges will be preferred against him.

From the statement of the police and the girl involved, a comely damsel named Carrie Spencer, it seems that the attorney has been smitten with the charms of the beauty for some time past. The girl says that last night she and the rest of the family, which consists of four young girls and their parents, saw Harrison prowling about their cottage on the road in Kalihi leading naked from the pool factory. At about midnight,

PARTY SITUATION PLEASES ATKINSON

"I am very much pleased," said Chairman Atkinson of the Republican Central Committee this morning. "During the past week we have been gaining by leaps and bounds. People are at last beginning to wake up and take an interest in things, and are getting together so as to give confidence in the party."

"Wise's chances are daily improving in a marked degree. Link McCandless' methods are being found out, and naturally Kuhl's chances are getting greater and greater. For the land's sake don't vote for Link. Also remember Anne Keone."

WELCOMES THE
INVESTIGATION

"I welcome the investigation which is about to be made," stated United States District Attorney Breckons this morning. "In fact, I demanded that a full and complete investigation be made of the charges brought against me by Rev. Thwing, and my demand was sent to both Secretary Bonaparte and President Roosevelt personally. I have nothing further to say, except that I welcome the investigation."

ALL TAFT

E. T. Winant of the Bishop Estate returned this morning from a vacation trip to the Coast. "Everything is Taft in San Francisco and California," said Mr. Winant. "They have no fear there that anyone else will be elected President. Taft is a certainty according to the idea of people generally whom I met."

"The progress of San Francisco is wonderful. The buildings are still going up and business is reported as improving. The business establishments are returning 'down town' as rapidly as the leases on Van Ness avenue and that district run out. The city in a very short time will be itself again, except that all the buildings in the business district will be on a much more elaborate plan."

RALLIES TONIGHT

There will be two Republican meetings tonight, one at Emma Square and the other at Waipahu, and both will be largely attended. Prince Kuhio will be the chief speaker at Emma Square, and his admirers expect to hear a very strong speech. He is an effective speaker, and his appearances lately have been heartily applauded. He will be ably seconded by A. L. C. Atkinson, chairman of the Territorial Committee.

Seven other speakers will make addresses tonight upon vital subjects. Following is a list of the speakers and their subjects:

E. A. Douthett—County Government and Benefits Accruing from the Republican Administration Thereof.

A. D. Castro—The Financial Record of the Last Legislature and the Financial Problems Facing the Next Session.

J. C. Cohen—The Encouragement of Promotion Work.

Robert W. Shingle—Encouragement

The Equality Society, or the Hawaiian Civic Federation met last night in the Kakaia Society hall and endorsed candidates for election. The names of J. J. Fern and W. C. Achi were considered, but were counted out.

On voting for Deputy Sheriff candidates, Holt and Monsarrat tied. On motion of Captain Holt, who was in favor of Holt, the Chair cast the deciding vote.

CAUGHT AGAIN

Regarding a statement in this morning's Advertiser to the effect that the Republican runners had brought in reports that in the Fourth District a canvass of votes shows that Carlos Long has practically one-half, sixteen hundred, leaving the other half to be divided between Cathcart and Edings, the Republican County and Central Committees deny the truth of the alleged report and say that it is not borne out by facts. No estimate has yet been made, but enough is known to show that the above figures are entirely wrong and not furnished by the Republican Committee.

RUEF JURY FIXER HAS CONFESSED

SAN FRANCISCO, Calif., Oct. 29.—E. A. S. Blake, who was convicted of fixing jurors in the Abe Ruef case, has made a complete confession. He says that Ruef's attorneys, Murphy and Newburgh, offered \$1000. to influence the vote of Juror Kelley.

After his conviction for jury-fixing Blake says the attorneys offered him \$10,000, cash and \$100, a month for his wife if he would not confess. He states that the prosecution promised him not immunity if he confessed. It is feared that Tomalty is becoming insane.

CZAR WILL CONFER WITH PRINCE

ST. PETERSBURG, Russia, Oct. 29.—The Emperor will give an audience tomorrow to the Crown Prince of Serbia.

Governor Walter F. Frear is 45 years of age today. Secretary of the Territory Mott-Smith sent him a wireless message of congratulation this morning, and many others are being sent to Kaula where the Chief Executive and Mr. Newell are making a tour of inspection.

This is also the natal day of Judge Selden B. Kingsbury, and, by a strange coincidence, he and the Governor are the same age to a day. Herr Berger led the Hawaiian band in the Capitol grounds this morning, where music was rendered for over an hour.

In London more fires occur on Saturday than on any other day of the week, and more in August and December than in any other months.

Cathcart Talk Clouds Real Campaign Issues

"I have had a talk with three prominent members of the bar," said Chairman Judd of the County Committee this morning, "and I put the following question to them:

"If you had to employ an attorney in a matter involving your own property rights or your life and liberty, and you had Cathcart, Edings, and Long to choose from, whom of these three would you employ?"

"And the answer of those three men to whom I put that question was unhesitatingly that they would employ Cathcart, notwithstanding all that has been said in the public press against him. If one is willing to employ Cathcart in one's own personal affairs, one is certainly justified in voting for him for public office."

"These men also said that they thought that the Cathcart matter had been unduly magnified, and that there was strong reason to believe that some people were being misled from the real issues before the country, the real issue being: Is it necessary for this country to send to Congress a Republican in view of the tariff revision which will come if Taft is elected, or in view of the tariff taker which is bound to come if Bryan is elected? Do we want to send a man to Congress who has already made good and knows the ropes, or a man of inexperience who has but one hobby to ride?"

"Another issue is to have a Republican Legislature to work in harmony with the Republican Governor, in order that constructive legislation may result. It seems to me that the good of this Territory demands that the voters at this time sit down and quietly understand what the real issues are before the country. The issues are as I have stated them and not whether or not one newspaper shall carry its particular point and so demonstrate to the community of this country what a wonderful and powerful instrument of good it is."
